

Photographs of LED Lighting at Trial Locations

Medium-powered LED street lights trial at Northumberland Road and Tekka Lane

High-powered LED street lights trial at Lor 1 Toa Payoh and West Coast Highway

High-powered LED street lights will be installed along expressways and arterial roads as these roads require higher illumination.

Implementation Timeline

Locations	Expected Completion
Phase 1 – About 500 lower-traffic and residential roads	2018
Phase 2 – Roads in Central area such as Rochor Road, New Bridge Road, Kallang Road etc	2019
Phase 3 – All other roads	2022
