

TRANSFORMING LIVES

DIGITALISING HEALTHCARE

- **HealthHub** provides ready access to all health records.
- **Notarise** facilitates sharing of digitally authenticated and endorsed certificates.
- **Healthy365 app** encourages Singaporeans to adopt a healthy lifestyle through gamification and rewards.

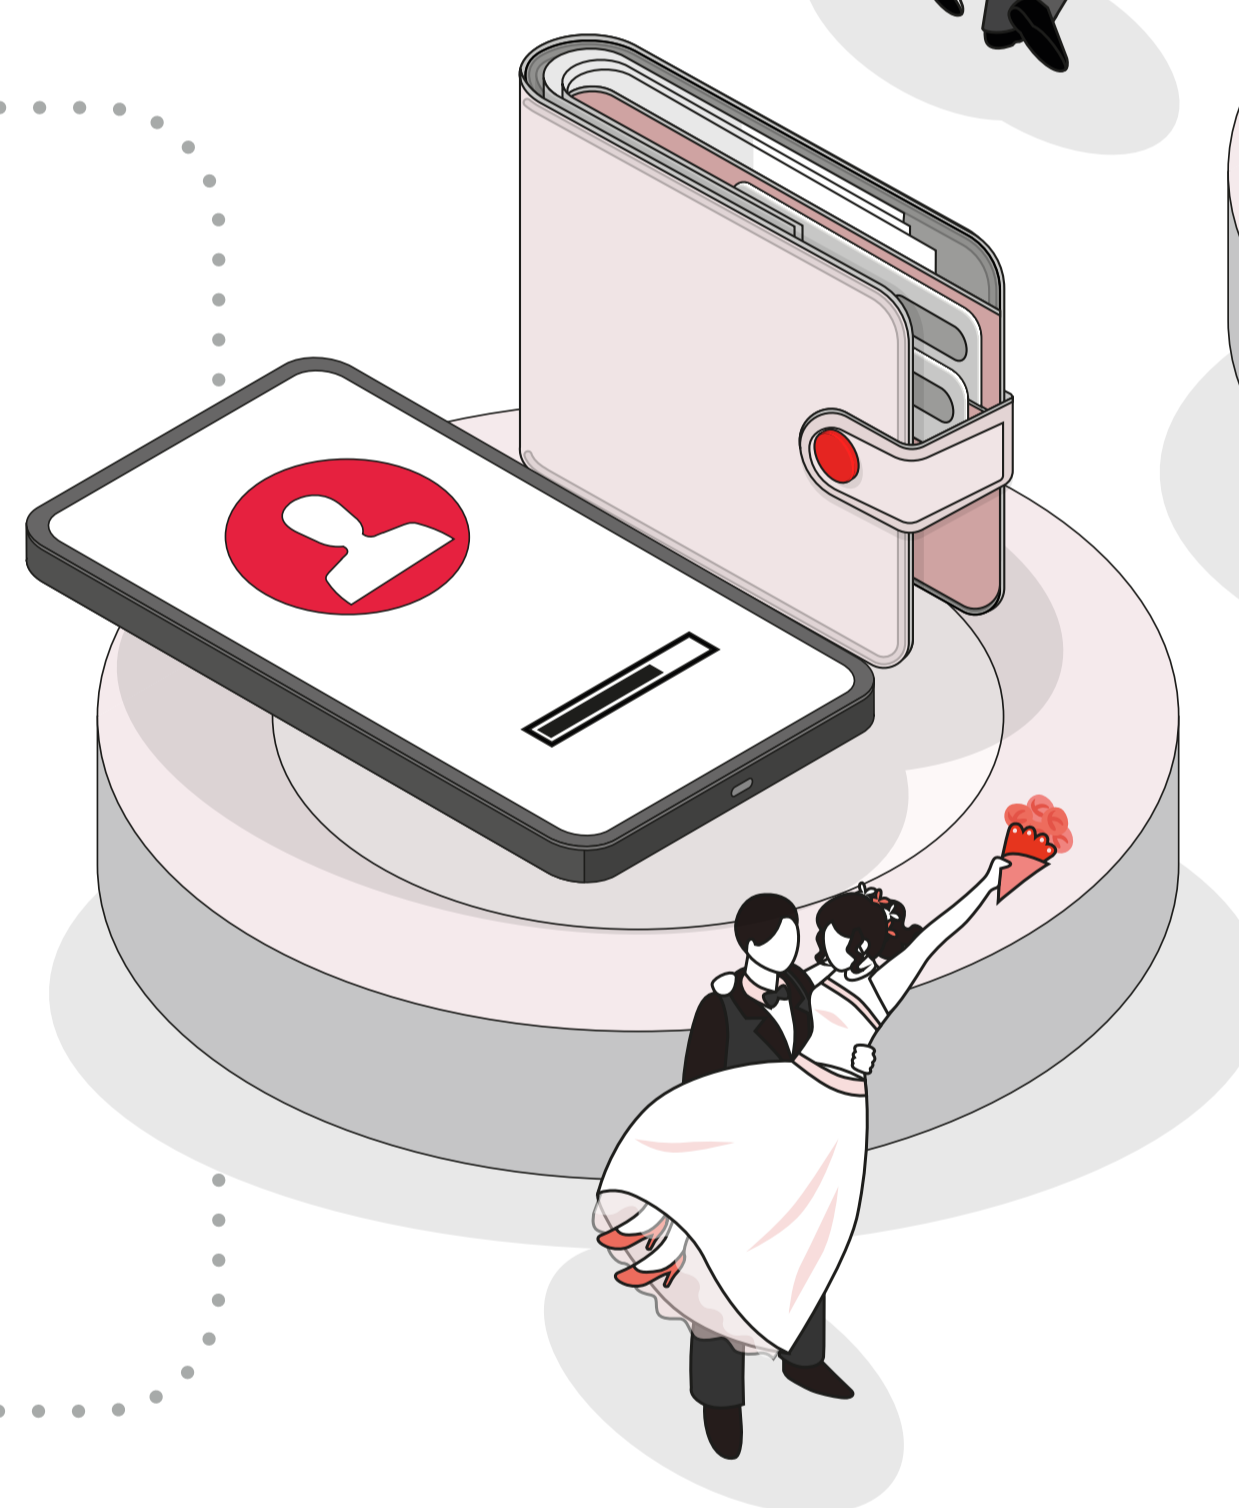

MAKING E-PAYMENTS EASIER

- ★ **GovWallet** enables agencies to disburse Government monies and credits to citizens in a secure and convenient way. It can be incorporated into apps like LifeSG, or integrated with Automated Teller Machines (ATMs) to facilitate withdrawals.
- **SGQR** allows merchants to accept e-payments from different service providers with a unified QR code.
- **RedeemSG** has made using digital vouchers more convenient. It is also designed to be user-friendly for the elderly and less tech-savvy.

RedeemSG supported the roll-out of the first CDC digital voucher scheme, which provides S\$130m in vouchers to all Singaporean households.

SIMPLIFYING TRANSACTIONS

- ★ **'My Cards' section in the Singpass app** allows users to access their Digital IC and other identification cards on the go.
- **Our Marriage Journey portal** provides enhanced digital services for couples and solemnisers.
- **LifeSG** has simplified user journeys from birth to end-of-life, such as birth registrations and pre-school searches.

FACILITATING LEARNING

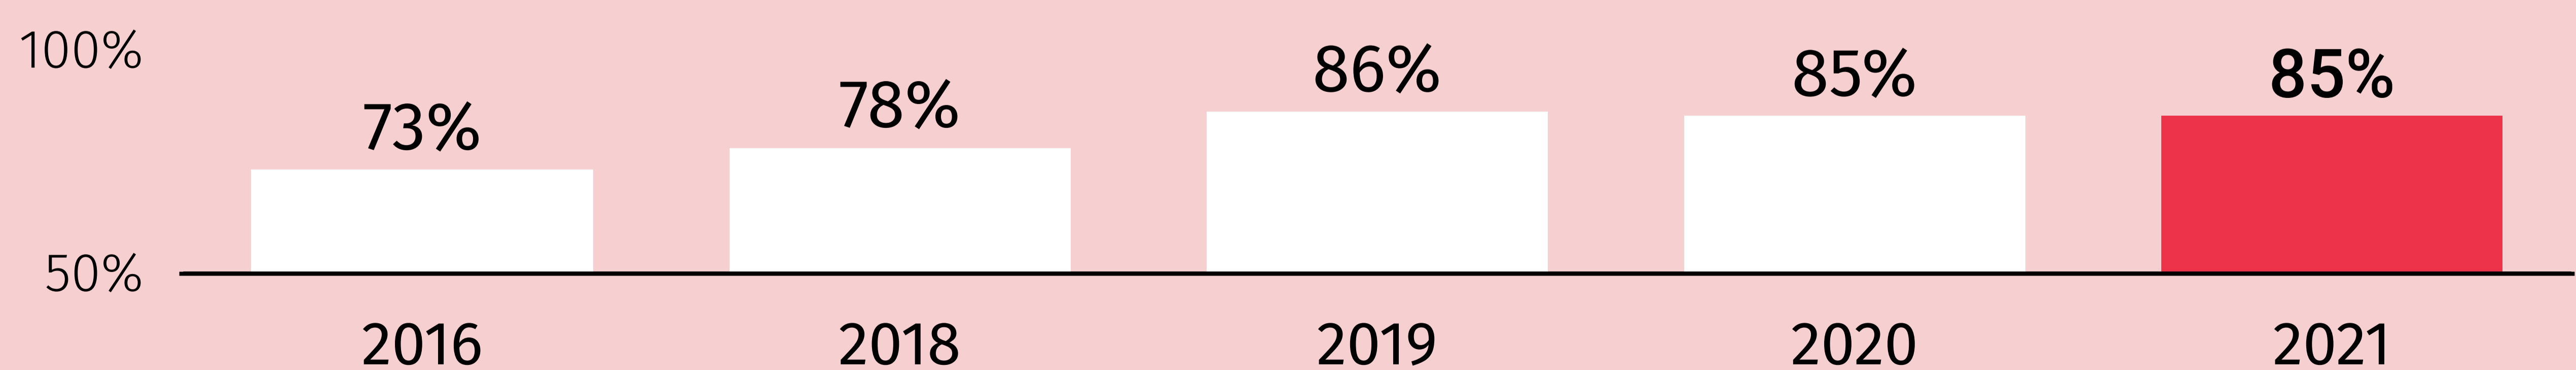

- **Student Learning Space** is the Ministry of Education's online learning portal that provides access to curriculum-aligned resources in major subjects from primary to pre-university level.
- **MySkillsFuture** helps Singaporeans of all ages make informed learning and career choices.
- **Parents Gateway** is a one-stop app that allows parents to receive communication and useful resources from their child's school, and perform required administrative tasks.

More than 82,000* users also enjoyed simpler access to Government support with LifeSG's Benefits and Support module.

*as of December 2021

★ New programmes and initiatives.
